Agreement for Ice Racing and Associated Activities with Southern Wisconsin Ice Racing Association, Inc.

Racing can be great fun, but it can also be dangerous. The purpose of this document is the following:

1. To inform you of some of the dangers involved with participating in racing and associated activities.
2. To release the Southern Wisconsin Ice Racing Association (hereinafter "SWIRA") and all other parties enumerated in the agreement from all the liability to you for any injury you may receive while participating in racing and associated activities.

Disclosure of dangers involved in participating activities-

There are innumerable dangers involved with every stage of racing, some of which are set out in the following paragraphs:

1. Falling or being thrown from your machine
2. Being struck by another driver or rider
3. Failure of your own machine or another machine which could result in collision with another participant
4. Rolling over, being crushed by your own machine or another machine.
5. Leaving the track and striking a stationary object
6. Striking other participants or spectators and being exposed to legal action from those persons
7. Injuries which may occur in loading or unloading machines both from falling machines and lifting injuries
8. Other dangers: The dangers set out above are not meant to be an exhaustive or complete list of hazards but instead, have merely been set out as examples. There are innumerable dangers involved in the sport of ice racing and related activities and it would be impossible to list every hazard or dangerous situation that could occur.

It is important to realize that each and every activity involved with this sport holds a potential for injury or death the each individual participant.

I hereby acknowledge that I have carefully read the foregoing disclosure of dangers involved in racing and related activities, any of which could result in my injury or death.

I understand that I may not receive scores for racing without front, left and rear number plates.

I understand that I must have necessary safety equipment to race. (helmet, gloves, eye protection, long pants, above ankle boots)

I understand that my quad must have nerf bars and a functional tether kill switch.
